

## The Property

This is a comfortable two bedroom first floor apartment with allocated off road parking space in a popular central residential development.

The property comprises a dual aspect living and dining room with a small desk. The separate fully fitted kitchen is well equipped with modern conveniences.

There are two double bedrooms. The master bedroom has ample storage and an en-suite shower room.

The family bathroom has a large corner bath and integral shower.

Families are welcome but there is no lift in the building so infants are not recommended.

The apartment is centrally located and within easy walking distance of restaurants, shops, the Said Business School, central University buildings and both major train and bus terminals.

## The Area

The City Centre is defined by The High, St Giles, St Aldates and Queen Street. The majority of Oxford University's colleges are based in this area and the University owns most of the property. As a result there are few rental properties in either. The High, Cornmarket & Queen Street are the main shopping streets and both the Westgate and Clarendon shopping Malls are situated here.

As well as being an extraordinary sight for tourists, Oxford City Centre is a very attractive location for the consumer to visit, as well as being a good location for socialising.

The Westgate shopping centre is located where the "West Gate" of the city used to stand. The Shopping centre and surrounding area (The West End) contains many major shops. There are also other major shops in the Oxford City Centre. The Castle area has recently been re-developed and there you will find the newest bars and restaurants and also some high quality apartments for rent. Nearby there are several new apartment developments which offer high quality accommodation but probably no parking other than public car parks.

# Rewley Road, Oxford, OX1

APPROX. GROSS INTERNAL FLOOR AREA 656 SQ FT 60.9 SQ METRES

## Energy Performance Certificate

47, Rewley Road  
OXFORD  
OX1 2RG

Dwelling type: Mid-floor flat  
Date of assessment: 20 November 2008  
Date of certificate: 20 November 2008  
Reference number: 8396-5605-0420-4826-2983  
Total floor area: 63 m<sup>2</sup>

This home's performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO<sub>2</sub>) emissions.

### Energy Efficiency Rating

England & Wales

### Environmental Impact (CO<sub>2</sub>) Rating

England & Wales

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO<sub>2</sub>) emissions. The higher the rating the less impact it has on the environment.

### Estimated energy use, carbon dioxide (CO<sub>2</sub>) emissions and fuel costs of this home

	Current	Potential
Energy use	164 kWh/m <sup>2</sup> per year	134 kWh/m <sup>2</sup> per year
Carbon dioxide emissions	1.7 tonnes per year	1.4 tonnes per year
Lighting	£62 per year	£31 per year
Heating	£182 per year	£174 per year
Hot water	£101 per year	£86 per year

Based on standardised assumptions about occupancy, heating patterns and geographical location, the above table provides an indication of how much it will cost to provide lighting, heating and hot water to this home. The fuel costs only take into account the cost of fuel and not any associated service, maintenance or safety inspection. This certificate has been provided for comparative purposes only and enables one home to be compared with another. Always check the date the certificate was issued, because fuel prices can increase over time and energy savings recommendations will evolve.

To see how this home can achieve its potential rating please see the recommended measures.

The address and energy rating of the dwelling in this EPC may be given to EST to provide information on financial help for improving its energy performance.

For advice on how to take action and to find out about offers available to help make your home more energy efficient, call 0800 512 012 or visit [www.energysavingtrust.org.uk/myhome](http://www.energysavingtrust.org.uk/myhome)
